

LOWDEN IS GOING UNDER FULL STEAM AS END DRAWS NEAR

PRE-PRIMARY CAMPAIGN HAS REACHED LAST WORD IN THE STRENUOUS CAMPAIGNING.

PROGRAM IS A BUSY ONE

Ogle County Candidate's Managers Keep Him Going at Fast Clip From One Point to Another.

Chicago, Aug. 28.—Colonel Frank O. Lowden thought he had been pushed to the speed limit in his two months of downstate campaigning for the republican governorship nomination, but he is making a new record this week in Chicago's wards with their 700,000 voters and 199 square miles of territory—25 miles from end to end.

In addition to the city, moreover, Mr. Lowden has taken on the suburbs—virtually the remainder of Cook county with their 300,000 voters and further area of 794 square miles, making a total area in the county of 999 square miles and population of about 3,000,000, almost half of the state's total.

For this week and next, which will end the campaign, the colonel has been handed a strenuous, voice-racking schedule of 70 meetings, an average of five a day, arranged by the Cook County Republican committee, four-fifths of which is for him. He is billed to speak at least once in each ward, twice in the big wards, and also there are a dozen special meetings at large factories and in theatres at noon time. Then there are suburban towns.

Even half a dozen meetings a day—three in daylight and three in an evening—might be accomplished if automobiles did not have a habit of breaking down or if the meetings could be arranged in the contiguous wards. Such happiness never is the lot of the "speakers and halls committee." Ideal routing is impossible, so Col. Lowden at times has been compelled to jump five and even ten miles from one engagement to another, which is no joke when the speed limit must be observed or the auto is stalled at a railroad crossing—and a big crowd is waiting "out in the steenth ward."

It's all a wild rush, a crazy scramble in and out of automobiles, shouted orders to chauffeurs, appeals for "more speed," cheers for the candidate as he comes into the hall and is introduced right in the middle of the most eloquent passage of the man that happens to be speaking. "Gentlemen, I thank you, Good night." A rush for the door while the crowds cheer some more and shouts wishes for "good luck." "Where's that machine?" "Here you are, colonel. In with you." Honk, Honk! They're off for the next hall on the schedule and another half hour speech.

Oh, yes, it's some joyous time these final two weeks of the campaign, trying to reach in that time as many voters as the candidate has been among downstate in as many months. It's the fiercest segment of a state campaign and when the candidate has come through it, if he is so lucky as to be still alive, he is ready either for a hospital or for 24 straight hours of sleep—and he does not care much whether the bed is soft or hard, flat or corrugated. All he wants is something to tumble into and forget that there is such a thing as a campaign. He hasn't a shred of voice left, his hands have been crunched into slivers by enthusiastic admirers and every bone aches—but he sinks into temporary oblivion knowing he has done his physical best to reach the voters and that now the ver-

AMBOY AUTOMOBILE DESTROYED BY FIRE

C. E. STANNARD'S MACHINE CONSUMED BY FLAMES MONDAY.

Amboy, Sept. 29.—A Saxon roadster owned by Deputy Sheriff C. E. Stannard was destroyed by fire here Monday evening when, it is supposed, gasoline, with which the machine had just been filled, dropped on an exposed ignition wire. The explosion of a 5-gallon can of gasoline which Mr. Stannard was carrying added to the destruction.

dict is up to them.

Even in the midst of this week's whirl Col. Lowden has yielded to the pleas of Belvidere in Ogle county, which he will visit on Thursday. Then back to the Chicago whirl and grind and rush by day and night.

Roumanian Troops Being Mobilized As Enthusiasm Grows

Reports Indicate Junction Of Russo-Roumanian Troops.

(Associated Press) Bucharest, Aug. 29.—King Ferdinand has ordered a general mobilization of the Roumanian army. There is great enthusiasm throughout the kingdom.

Fight on Border. Berlin, Aug. 29.—Furious fighting on the border between Roumanian and Bulgarian troops is proceeding. The Roumanians are making determined efforts to capture the mountain passes.

Join Russ Troops. Berlin, Aug. 29.—A junction of the Roumanian and Russian forces in the Carpathians is indicated by a statement that fighting occurred with Russo-Roumanian troops there. Another report says the Roumanians were defeated in their first efforts to force a mountain pass.

Washington, Aug. 29.—It was reported in diplomatic quarters that Greece will soon enter the war on the side of the allies.

The declaration by Italy of war on Germany simultaneously with the entrance of Roumania into the war are believed to be part of a prearranged plan that will culminate with similar action by Greece.

The Italian embassy formally notified Secretary Lansing of the Italian declaration of war against Germany.

London, Aug. 29.—Following its declaration of war against Austria-Hungary, the Roumanian government ordered the invasion of the enemy province of Transylvania, the majority of the inhabitants of which are Roumanians.

Troops immediately advanced in the southwestern passes of the Carpathians, where they clashed with forces of the Dual Monarchy, and a battle for possession of the frontier is now raging.

According to official advices from Vienna, the vanguards came in contact at the Rotten-Thurm pass, fifteen miles south of Hermannstadt, Transylvania, and in the passes about six miles south of Kronstadt (Basso) in the same province.

Dispatches indicate that fighting is also going on farther north along the western Roumanian line.

Take Roumanians Prisoner.

Progress of the battle is not defined, but Vienna reports the capture of Roumanian prisoners. "Traitorous," is the Austrian term for the foe's attacks.

Advice from Athens states that heavy reinforcements of German reserves, stationed along the Danube, have been called into action.

COMING FESTIVAL TO BE BIGGEST EVENT FOR CO. S.S. ASSN.

PREPARATIONS ARE COMPLETED FOR MUSICAL EVENT ON THURSDAY EVE.

ON SECOND FIFTY YEARS

Musicians From All Over County Will Take Part in Great Program.

Preparations are about completed for the big festival at Assembly Park on Thursday, August 31st, and everything that can be learned points to a most successful gathering. Everybody who wishes to come, is invited to share with the Sunday School people of the county in beginning their second fifty years of work as an organization. The enthusiasm of the large chorus and of orchestra continues to grow as the time draws near, and broad hints have been given of making the Festival Chorus a permanent organization in Lee County.

The Orchestra, made up of players from Ashton and Dixon, will be led by Mr. E. E. Holdridge of Dixon, who directs the Dixon Chamber of Commerce band. Twelve different instruments will be used in the orchestra, and from one to ten players have enrolled for each. The Festival Orchestra will give special numbers to each part of the concert program, and will accompany the chorus members. The pianists are Mrs. Frank Rosbrook and Mr. Clinton Fahney of Dixon, and Miss Mae Doelling of Chicago, who comes with Miss Mabel Woodworth, the violin soloist. The concert is under the direction of Mrs. E. M. Goodsell, of Dixon and Chicago, for her work is in both.

The first number by the big chorus is the old hymn, Holy, Holy, Holy, Lord God Almighty, which has been loved as one of the greatest hymns of adoration since Reginald Heber wrote it over a century ago. This will be followed by a double chorus-number, a peasant's serenade—Pretty Village Maiden, and a patriotic song, the Anvil Chorus from Il Trovatore, the words of which might well have been written for the present situation, not forgetting the war and the impending strike. Next is Miss Woodworth, the violinist, with whom only one other name is mentioned in this country in musical circles as her equal. She is a graduate of the American Conservatory, Chicago, and spent a year studying in Berlin, and has won very high honors with the Theodore Thomas Orchestra. She will give three numbers in the first part of the program, after which Lila Withers, a much sought for concert singer and soprano soloist of the First Congregational church in Chicago, one of the best church positions in the city, will give three songs in a triple number. The concert follows with John in Pleasure.

STRIKE NEGOTIATIONS END; WILSON GOES TO CONGRESS FOR LAWS

MEN REFUSE RAILROAD HEADS' LATEST PROPOSAL AND PRESIDENT ADDRESSES CONGRESS AT JOINT SESSION THIS AFTERNOON ASKING NEW LEGISLATION TO GIVE HIM POWER TO DRAFT MEN TO OPERATE ROADS IF EMPLOYES WALK OUT—MEN THINK THEY HAVE ANTICIPATED ANY LEGAL PROCESS TO PREVENT STRIKE.

STRIKE ORDER IS MADE ABSOLUTE

(Associated Press) Washington, Aug. 29.—President Wilson will address a joint session of congress at 2:30 this afternoon on the strike situation. He reached the decision to take his message to the legislators soon after a meeting of Brotherhood heads had come to their conclusion on the latest proposal of the committee of railway presidents to avert the strike, pending an investigation. Their decision was not announced, but Wilson's action in deciding to address congress is interpreted as meaning the men rejected it.

Has Definite Plans. Wilson will lay before congress definite plans for legislation, including a bill patterned after the Canadian Industrial Disputes act, and an 8-hour law for railroad employees with the provision that sufficient time be given the railroads to prepare for its operation.

To Stop Strike. The president discussed with Sen. Newlands plans for legislation for stopping the strike if it begins before preventative legislation can be adopted. The committee of railroad executives today asked to see Wilson. He had engagements until 1 o'clock, but informed the executives he would see them if possible.

Order Is Absolute. The Brotherhoods' order for strike on Labor Day has been changed to an actual order for a strike on that day unless it is called off by a satisfactory settlement.

Stick for Arbitration. Later the eight railroad executives conferred with Wilson and refused to accede to the proposal made by the president yesterday. They presented to him a statement of their position containing another argument for arbitration.

Closes Negotiations. This practically closed direct negotiations between the railroads and their employees through Wilson. By their action today in actually ordering a strike on Labor Day unless satisfactory settlement is reached, the Brotherhood leaders believe they anticipated any legal process to prevent a strike being actually called.

Legislative Measures. Among the legislative measures proposed are a resolution authorizing the Interstate Commerce Commission to take wage standards into consideration in fixing freight rates, and also authorizing the president to draft men into the federal service to operate railroads in case of strike.

Labor Opposes Act. Brotherhood leaders will oppose the Canadian compulsory investigation plan, asserting it "has proven the greatest throttle to labor ever devised."

Haste Is Necessary. "The committee expects to see the president again in the near future, but before leaving the committee pointed out that if the reports that the date for declaring the strike has been fixed for September 4 were true it would force an early conclusion of

HURRAH! RINGLING DAY ALMOST HERE

Big Circus and Great Spectacle Occur by Five Trains Crammed With Wonders.

The big event for which the youngsters and grownups have been impatiently waiting is near, for on Wednesday, Sept. 6, Ringling Brothers circus is to exhibit afternoon and night in Sterling. Expectancy never ran so high before and it is likely that this district will send a large delegation to feed the elephants. Unusual interest centers around the gigantic spectacle "Cinderella" with which the famous showmen are this season opening their wonderful main tent program. "Cinderella" is probably the best loved of all fairy tales and to see it produced with more than 1000 persons, hundreds of dancing girls and glorious pageants, indeed gives promise of making "childhood's golden dreams come true." In the same great tent will come the marvelous circus numbers in which 400 men and women performers, scores of trained animals and a galaxy of special features are introduced. The majority of the acts are entirely new to America, the Ringling Bros. having secured the pick of those European performers who have been obliged to seek engagements in this country because of the war. The all-new street parade will take place show day morning.

PASSING OF HANDWRITING.

Handwriting, like spelling, is in danger of becoming a lost art.

Not many generations back handwriting was considered an important accomplishment in which its fortunate possessor took great pride. Ability to write marked one as a person of unusual attainments.

But times have greatly changed. The common schools have made the ability to write common, and at the same time the typewriter has made writing by hand uncommon.

In this rapid age people write fast instead of plainly, and the man who would even hint at the desirability of precise handwriting would be regarded as a fossil or a fogey.

The business man when he writes at all usually scribbles, and he writes so seldom, except to sign his name, that he gets out of practice. His time is too valuable for writing by hand when it can be done much more quickly and better by a stenographer.

The women have no such excuse. Indeed, women, as a rule, do not need excuse, for their handwriting is far superior in precision and elegance to that of man.

With the good old fashioned hand writing have passed away too the good old fashioned sociable letters of a former generation.

We scribble brief notes these days. The newspaper, telephone, telegraph and fast mail have rendered the old long letters unnecessary. A letter today is no longer a summary of the family and neighborhood news. It is written to say some specific thing, and when that is said, it ends.

It is a pity that letter writing and even hand writing itself is falling into desuetude. Nothing helps one to draw himself together better than writing a letter to an old friend. It brings his past before him in a panorama and gives him a correct perspective of the present, better than anything else can do.—Manchester American.

THE FARMERS' PICNIC.

The Farmers' Picnic which will be held at Franklin Grove next Friday should draw a large attendance from among the farmers and business men of Lee county. There will be speakers of note at the meeting and much can be learned to the advantage of the attentive listener.

Agriculture will, of course, be the main theme under discussion, and agriculture is the biggest business problem before the American public today. The man who belittles the "book farmer" and says he is content to farm the "way his father did" is his own foe and if his father were here to advise him today he would probably tell him to have spunk enough to keep abreast of the times.

Scientific farming will make this country produce many times the volume of farm products that are now being raised and will make land much more valuable, for it will grow more stuff on smaller acreage.

Attend the meeting this coming Friday.

THE ROADS.

The application of Tarmac to the Lowell park road is one of the best pieces of road work that the local highway commissioners have started this season, barring the brick work on the Lincoln Highway and the Colony road. The Lowell park road is in fairly good shape, and with proper care, will be a good road for some years to come. It must stand an ever increasing amount of traffic and the absence of dust on that road when the Tarmac is applied will greatly increase the comfort of travel to and from the park.

Another thing the highway commissioners of the township propose to do, and which will be greatly appreciated by the citizens of the township, is the macadamizing and oiling of the half mile of cross road running between the Lowell park road and state colony grounds, past the Country club. When the brick pavement to the colony is completed those going to Lowell park will take that road and it will be necessary for them to use the cross road when they come to the end of the pavement. That will be the most popular drive in the vicinity of Dixon when it is all put in good shape.

The people of Illinois are becoming more wide awake every year to the value and necessity of good highways. Other states, more thinly populated and not credited with being so far advanced as Illinois, Minnesota, for instance, put this state to shame with their country highways. This state is thickly populated, wealthy, and supposed to be advanced along progressive lines, but until she has better roads, she will never really attain rank among the progressive states of the union.

NORTH SEEKING NEGRO LABOR.

The effort being made by eastern industrial and railroad interests to draw negro laborers from the south is spreading all over that section. Reports from the central south indicate that thousands of negroes are being attracted by larger wages offered them to go east and west and the south is being drained of many of its laborers to the serious disadvantage of many industrial markets as well as agriculture.—Exchange.

It is suggested that the captain of the German submarine, the Deutschland, ought to make some baseball player because of his ability to "steal home."

The approach of the nutting season is the only consolation for the small boy who views with increasing discomfiture the closing of his glorious holiday times.

This weather is so nice that we forget the hot days of summer and the cold ones to come.

"TEACHER-STUDENTS" TAKE INTEREST IN COURSE OF INSTRUCTION.

The Lee county teachers' institute, in convention at Dixon high school building, spent a very interesting and valuable day at the second day's session. There were 285 teachers registered at the secretary's office today, which is considered a high registration for the second day of the institute; 245 registered Monday.

County Superintendent L. W. Miller, general supervisor of the institute, stated this afternoon that the teachers are manifesting a gratifying interest in the work the instructors have for them, and he feels that the institute is already a greater success than ever before.

Miss Hazel Hartzell, one of Lee county's leading rural school teachers, continues to be very popular with the teachers assembled. She deals with construction work through all the grades of the common school and illustrates her lectures with samples of work from her own school.

Mrs. Harris of Eureka, Ill., teaching the phonic system in reading, is maintaining and elaborating upon the high standard of work she set before the institute last year.

Mrs. Katherine Ballou, vocal music teacher, with Miss Mary Hintz at the piano, is arousing a great deal of enthusiasm among the teachers and they are deriving a large amount of benefit and pleasure from her work before the institute. Mrs. Ballou sang a very beautiful solo and responded to an encore this afternoon.

Supt. C. A. Bixler delivered a masterful address before the high school section this afternoon on "The Rectitation" and Prof. Chadwick of Steward gave a highly interesting address before the same section this morning on "The Lesson Assignment."

ROUMANIA JOINS CAUSE OF ALLIES

Kaiser Declares War on Latin-Balkan Nation.

HAS 600,000 TRAINED MEN

New Nation Drawn in Magistrom of Europe's War is 14th—News Hailed With Enthusiasm in Entente Capitals—Berlin, Calm, Expected the New Development.

London, Aug. 29.—Roumania has joined the allies with her well-trained army of 600,000 men.

An official statement from Berlin announces that Roumania declared war on Austria Sunday night. The French foreign office announced that Roumania has issued a declaration of war against the central powers.

Germany dismissed the Roumanian minister to Berlin, according to an Exchange Telegraph dispatch from The Hague. There is every indication Turkey and Bulgaria will follow Roumania's action with a declaration of war before many hours.

Roumania's decision was reached at a meeting of the crown council summoned by King Ferdinand. It came at the end of two years of anxious waiting in which the Roumanian diplomats watched with the keenest interest the military fortunes of the allies.

Expect Greece to Join Allies.

The Roumania declaration is expected to signal Greece's entrance into the war on the side of the allies. Pro-ally enthusiasm, fanned to fever heat by the Bulgarian invasion of northern Greece, broke out in a series of great meetings in Athens Sunday. King Constantine was denounced for failing to lend support to the allies and was urged to prepare the army for war.

The Roumanian third army, already mobilized within striking distance of the Hungarian frontier, is expected to invade Transylvania before the end of the week, striking westward against Beszterozo.

The Roumanian general staff probably will send every available man into the invasion of Hungary in an effort to conquer the rich province of Transylvania, long coveted by the Roumanians. At the same time a strong force will be maintained along the southern Roumanian frontier to guard against attack by the Bulgarians.

Bulgaria to Be Attacked.

Roumania's decision is expected to be followed shortly by the opening of a great allied offensive in the Balkans that will aim to squeeze the Bulgarians between two opposing forces, closing the pathway the Germans cut through Serbia to Constantinople.

The Roumanian entrance into the war was the greatest diplomatic achievement for the allies since the European struggle began. Dispatches from The Hague declare that Berlin received the news calmly, though the German press blames Foreign Secretary von Jagow and Undersecretary Zimmermann for Germany's diplomatic defeat.

The Berlin military authorities stationed a guard about the Roumanian legation, but there were no hostile demonstrations. A Berlin crowd vented its wrath against Italy for declaring war against Germany by stoning the Italian embassy until police reserves arrived. Thus far no serious trouble has occurred.

Concert With Italy.

Roumania entered the war at almost the same hour that Italy declared war on Germany. The two events had close connection. It is believed here, since Roumania and Italy had acted in concert in other Balkan matters and were understood to have agreed more than a year ago to join the allies at the same time.

News of the allied diplomatic victory at Bucharest was hailed with the greatest enthusiasm in London. Everywhere the view was taken that Roumania's entrance into the war means the speedy elimination of both Austria and Bulgaria from the conflict.

CONFESS KIDNAPING PLOT

Conspiracy to Seize Harriman Boy and Demand \$100,000 Foiled.

Salt Lake City, Aug. 29.—Ransom of \$100,000 was to be demanded for Roland Harriman, son of Mrs. E. H. Harriman, by three men under arrest in St. Anthony, Idaho, in connection with the alleged conspiracy to kidnap the sixteen year old son of the late railroad magnate, according to word received here. Authorities say that two of the men have confessed that the plan was to blind or otherwise disfigure young Harriman if the ransom was not paid promptly.

GERMAN WOMEN BEAT BUTCHER

INCIDENT ONE OF MANY ARISING OUT OF FOOD SCARCITY AND DEALERS' 'FOOD USURY.'

COCOA MADE OF HUSKS AND SAND

Farmer Shaves His Pig to Prevent Odor of Burning Bristles, But Is Caught

Berlin.—The appointment of a food dictator for Germany came at a time when the practices of food usurers and the inability of many persons, especially the poor, to get the food they wanted, were causing serious outbreaks, necessitating in many cases the calling of the police. Here are some of the instances of food troubles which have appeared in leading German newspapers:

The Berlin Tagliche Rundschau says that Charlottenburg citizens had observed that a butcher, after dark, removed meat from his shop to an adjacent building. One evening he packed bacon and sausage in a wash basket and was sending it across the street by children when neighbors opened the basket and discovered the meat beneath a lot of shirts and stockings. The police, says the paper, were summoned, and the meat was sold in the shop by them at reduced prices to an eager crowd. The "mob of women" then, according to the account dragged the butcher from a cafe into the back yard and there beat him to absolute unconsciousness. The account continues:

"The enraged avengers then repaired to the butcher's house," where the butcher's wife was violently assaulted and subsequently ducked in a big cistern, then rolled by the crowd in a heap of still smoldering cinders."

The Munich Post tells of a man who sold to a number of dealers a total of 40,000 pounds of what was termed finest imported Dutch powdered cocoa. When, at the request of a Cologne firm, what remained of the stock about 20 small kegs, was analyzed, it was found to consist solely of cocoa husks, sand and other articles containing no part of cocoa. Not less disgraceful than the conduct of so despicable a wretch as this man was the inexplicable leniency of the Dusseldorf court, which merely inflicted on him a fine of \$12.50 and ordered the seizure of the few pounds of cocoa which remained, says the paper. The man we understand is well connected.

A lady customer at a leading meat store purchased a ham, or which the butcher demanded \$9.25. The lady, having only \$7 in her purse, paid that sum as deposit, and promised to send her servant with the remaining \$2.25 to fetch home the ham, according to the Frankfurter Zeitung.

The conversation was overheard by a man who was in the shop. He left hurriedly and handing the first servant girl he encountered in the street the \$2.25, with a tip, he dispatched her to the shop to demand the ham already partly paid for by the original purchaser who was not personally known to the butcher. By this audacious stroke the man secured a \$9.25 ham for \$2.25.

The Frankfurter Zeitung tells how Nemesis waited on a farmer who decided to defy the law as to the private slaughter of food animals:

The farmer killed his best fat pig, and in order to prevent his act becoming known through the pungent odor caused by the burning of the bristles, the man carefully lathered the animal all over and then gave it a clean shave.

All went well until the mysteries of bacon curing began, when the betraying odors penetrated the nostrils of some passerby, who promptly informed the authorities.

A gendarme was dispatched to the farm, but the farmer flung on his head the contents of a kettle of boiling water. The gendarme's howls of pain soon brought to the spot a number of neighbors, who made a furious assault on the house with pickaxes and other implements, and the premises in a very short time were reduced to ruins.

The cured and uncured parts of the meat were then seized and conveyed in a cart, escorted by an excited, snouting mob, to the town hall. The farmer received serious injuries in the fray; the gendarme's face and hands were scalded.

The government recently denied reports that egg rationing were contemplated. The rumors had led to wholesale hoarding of eggs all over the country and to unprecedentedly high prices. Dealers in some towns established a semi-rational system by declining to sell more than four or five eggs to any one customer. Official assurances were made that there was no danger of an egg famine, as hens were doing their full duty.

Must Pay \$100 for Spanking

Washington, Pa.—Being spanked with barrel staves, between which dyamite caps were placed, with the result that he was under the care of a physician for days, is worth \$100 to John Lasut. Lasut was being introduced into the mysteries of the Order of Owls when the spanking stunt was pulled off.

WILSON HANDED EDICT TO STRIKE

the negotiations and compel the presidents to return to their properties to prepare for the issues.

The railway presidents were plainly very much concerned as they left the White House. They displayed much irritation when questioned and insisted there was nothing they could say until they had conferred with the remainder of their colleagues.

Hear Wilson's Plan.
As soon as they reached the hotel they went to their headquarters, where the other presidents were waiting.

Railway officials and union men appeared equally pessimistic. Both admitted a strike seemed near, but the president, according to White House reports, still felt he would find a way out of the difficulty.

It is understood that President Wilson and his advisers have agreed upon a legislative program which they believe will enable the president to prevent any nation-wide strike if it is necessary to enact it.

While the nature of this program is carefully guarded it was learned that it will be attached as an amendment to the Adamson bill, which already has passed the house, adding two members to the interstate commerce commission.

The president's new basis of settlement, as discussed in the various conferences, was declared to be as follows:

WHITE MARTEN IS SEEN

A truly "rara avis" was seen Monday morning among the myriads of martens that crowd the wires strung across the river below the bridge. This was a pure white marten. James P.
